

# Last Time, This Time, Next Time

Shared Values & Principles

Connections in school health

Linkages with Eco, Community, Safe  
& Other School Movements

Serving an Educational Agenda

# ISHN Synthesis (Ten Points in Common in HS, CS, SS etc)

**[www.schools-for-all.org](http://www.schools-for-all.org)**

- 1 Whole child, life course**, impact of the school, theories to explain
2. Serve all children, especially vulnerable and **disadvantaged** children, families and communities
3. Understand the **local context**
4. Strive towards a **Comprehensive Approach, Coordinated programs, Whole school strategies**
5. Use multiple, coordinated evidence-based interventions (policy, instruction, services, social & physical environment)

# ISHN Synthesis

6. Identify the local **mechanisms & drivers** of change, implementation and sustainability and use **evidence-based implementation** strategies.
7. Coordinate multiple programs, policies, services, practices
8. Seek congruence with **education mandate**, constraints, customs and essential procedures
- 9. Build capacity** at all levels in the multiple systems that need to engaged
10. Use a strategic approach to **system characteristics** and organizational cultures.

# Symposium statement

- Feedback into IUHPE Conference
- Share main findings
- In sessions on school health promotion
- Short (max 1 A4)

# Procedure

## TODAY

- Draft statement on board
- Please write your comments
- Finalize this evening

## NEXT PERIOD

- Extended version with more content
- Comment procedure on symposium website
- Final version September 2010
